

CAVENDISH SCOTT

Emily Myers: Meet the Speaker

Emily has 10 years of quality experience in the manufacturing industry. Five years of this experience were in a major international medical device manufacturing company with direct responsibility for internal audits, metrology and other process aspects.

Emily's experience with Cavendish Scott, Inc includes consulting, training and auditing a variety of quality and other management systems against established standards and models. She is experienced in ISO 9000, AS 9100, ISO 13485, MDD, CMDCAS, FDA QSR, ISO 14001, ISO 17025 and ISO 27001. Emily has performed both internal audits and third party audits for the above standards in a variety of companies. Emily is a trainer for the accredited ISO 9001 Lead Auditor Class, and is an IRCA registered QMS Lead Auditor and EMS Auditor (IRCA Certification 01190983).
